Ms. Rosen,

I think you are referring to the 1998 study that we had a consultant put together. All of the facility's TRI reporting has been based off of this study/report.

Subject: TRI report

Hi Mr. Waggle,

I am Linda Rosen and I was on that call a few weeks ago where we were discussing your TRI emissions. I have been meaning to write you but got sidetracked by other matters.

I was wondering if I might be able to get a copy of the TRI report you were referring to in your call that discusses the emission factors for the fugitive emissions?

You can send it to me by email. However, if it contains Confidential Business Information, please let me know so I can designate it as such.

Thank you so much..
